USER REGISTRATION
INLAND REVENUE BOARD OF MALAYSIA

*Name

*ID Number / Passport Number

*Please select Nationality

*Address line 1

*Address line 2

Diagram 2: User Registration

4. If the registration already exists in the MTS database, the system will display:

The screenshot shows a registration form with the following elements:

- A text input field containing the name "NOR AFIFA ISMAIL".
- A red error message: "Identification Number / Passport Number already exists."
- A dropdown menu currently set to "Citizen".
- A text input field for the identification number, labeled "*ID Number / Passport Number".

Diagram 3: Existing Identification Number/ Passport Number

5. The password entered must be a minimum of 8 characters long, containing uppercase letters, lowercase letters, numbers, and symbols. The system will display a warning if the password does not meet the required criteria.

The screenshot shows a registration form with the following elements:

- Two password input fields, each containing six dots to represent masked characters.
- A warning message: "Passwords must have a minimum of 8 characters, have uppercase letters, lowercase letters, numbers and symbols."
- A red error message: "The passwords entered are not the same."

Diagram 4: The Password Mismatch

6. The system will notify if the account has been successfully registered. Users need to log in to the MTS system to proceed with event registration.

The screenshot shows a notification dialog with the following elements:

- Text: "User Account has been successfully registered. Please Login To make an Application or Review."
- A blue "OK" button.
